Educator licensure data may be searched for any Arkansas-licensed educator by entering known public information, such as the educator's last name and first name. The public view shows applicant information, professional license effective and expiration dates, background check information and licensure areas. Confidential data is restricted from the public view.

AELS Educator Login Site
The AELS Educator Login Site allows licensed educators to update their contact information, including email, phone number and mailing address. Educators may login to view their license, license activity and all information accessible through the public view. Educators may also use the login to start a new application online.

Expiring Educator Licenses
This Expiring Educator Licenses website allows approved district administrators to view educators in their district with a license expiring soon.
